

SEER 15

Heat pump. High performance in cooling/heating mode

18000 BTU

Wireless remote control
Easy to understand

9000 and 12000 BTU

Multi-zone system
Single, Dual or Tri zones

INVERTER Europe Technology

We think green...

High performance in cooling/heating mode
Extra low noise operation
NEO-PLASMA filter . Intelligent self-control
Four-dimensional swing pattern air delivery technology
Stronger heating capability. Low temperature heating
Eco-friendly refrigerant R410A and more...
